

# Nomos at Baselworld

<http://messerli3d.com/en/references/detail/nomos-an-der-baselworld/>

Downstairs: The neighbour's forklift truck was suspected, the architect, the economic crisis. In truth, Nomos glassworks was just having a little joke with its stand. Presence is becoming difficult in an environment where costs are increasing year on year. Nomos glassworks is trying this with ideas, art and culture – and with watchmaking, which is timeless and a lifelong companion. The design was developed in close cooperation between Nomos and Messerli.

Client	Nomos
