

## Sibir at Swissbau in Basel

<http://messerli3d.com/en/references/detail/sibir-an-der-swissbau-in-basel/>

A self-confident, free-standing presence, in which the products presented are the main feature of the stand. Flashing blue, red or green, the alternating coloured rings around the stand, each give it a completely different expression. A conspicuous eye-catcher in the trade fair hall - maximum effect with minimal building costs. The stand was produced by Messerli, based on specifications from TBWA and Sibir.

Client	Sibir
Industry	Kitchen / bathroom
Type	Customised stand construction
